SINCE 1977

QUADRANT BARISTA

Enjoy an excellent extraction, with the Barista Edition. Equipped with PID and other features like shot timers and LED lighting.

QUADRANT DSP

Easy to use and consistent performance, thanks to PID temperature control and digital management of key parameters, through the central display.

QUADRANT

The Quadrant in its traditional version, equipped with the reliable heat-exchanger boiler. In the CV models, program the volume of each extraction, or chose the semi-automatic option, with manual control.
